

Franklin's Family

Theme for July: Outdoor Fun

With Summer finally here we will focus on outdoor fun! We will discuss camping and bring in some camping equipment for the children to experience. If you have any camping pictures, please send them! We will also talk about fun outdoor sports to play. We will try our hands at a few including baseball and golf. I hope everyone has a safe and wonderful Independence Day.

Next month's theme will be: Transportation

Community Conversations...

As parents of young children early education plays a vital role in your everyday lives. Please join us on July 20th at the Lawrence Public Library at 10:00 to join in on the conversation to help Kansas create a strategic plan for early childhood education. The information gathered from families and early educators will help make our state one of the top leaders in the field and set our young children up for success. During these one-hour sessions, attendees will be asked to share thoughts about: What is happening in your community to support infants, toddlers, young children, and families that we should celebrate and grow? What areas are challenging and need more support and/or attention? How would you guide a family to resources and services in your community? What are your family's experiences?

Family friendly. Children welcome.

Kona Ice...

Kona Ice will be making stops every month this summer. We invite all families to join us! If you cannot make it and would like your child to have one you can leave money in the front office. Kiddie size is \$2.00 per snow cone.

Upcoming Events

July 4th Googols of Learning
Closed
